# Icelandic domestic animals

- When did they come?
- Do we keep domestic animals outside or inside during the summer?

A fluffy Icelandic sheepdog, likely a Mudi, stands alert on a large, mossy log in a lush forest. The dog has a thick coat of light tan and white fur, with a large, bushy tail. Its mouth is open, showing its pink tongue and teeth. The background is filled with dense green foliage and trees, creating a natural, outdoor setting.
